

## Scope of the CESEP'19

CESEP'19 is the eighth international conference on Carbon for Energy Storage and Environment Protection. The conference will be organized by the Spanish Group of Carbon (GEC) and will be held in Alicante, Spain, in October 20-24th, 2019.

To date, carbon materials play a major role in a large number of highly specialized applications -as structural and functional materials- related with current industrial challenges. The underlying reasons for this are their flexible coordination chemistry that allows almost infinite possibilities of 3D structures, and their ability to react with other heteroatoms to incorporate functional groups that determine the self-organization, chemical stability and reactivity.

As in preceding meetings, the conference aims at bringing together the scientists, engineers and technologists and intends to provide a forum for discussion on fundamental and technological scientific aspects of carbon applications related to energy storage and environment protection. This conference is expected to stimulate fruitful discussion, new ideas and collaborations between specialists from various domains.

Keeping the style of the first CESEP, the Conference will consist of one single session. There will be plenary and keynote lectures by recognized speakers, and a special emphasis will be made in oral and poster communications. We are expecting a limited number of participants (250 maximum). The official language will be English.

## Topical Areas

- Synthesis of new forms of carbons and surface functionalization by different methodologies
- Structural and nanotextural characterization
- Gas separation and gas storage
- Solar energy conversion
- Carbon as catalyst and catalyst support
- Adsorption of gas-phase pollutants
- Carbon in green chemistry and recycling processes
- Carbon for water production and remediation
- Supercapacitors
- Lithium batteries and other advanced batteries
- Fuel cells
- Biological and health applications of carbons
- Carbon materials in sensor and biosensor
- In-situ and operando studies
- Simulation and computational methods
- Demonstration systems

## Important Deadlines

Short Abstracts Submission	January 15th, 2019
Notification of Acceptance/ Rejection	February 28th, 2019
Submission of Single-Page Abstract	June 15th, 2019
Fee Payment	June 15th, 2019

## International Advisory Board

C. Ania	Orléans, France
T. Bandosz	New York, USA
F. Béguin	Poznan, Poland
S. Bhatia	Brisbane, Australia
M. Biesheuvel	Leeuwarden, Netherlands
S. Blazewicz	Krakow, Poland
A. Celzard	Epinal, France
H.M. Cheng	Shenyang, China
T. Cordero	Málaga, Spain
J. Figueiredo	Porto, Portugal
E. Frackowiak	Poznan, Poland
Y. Gogotsi	Philadelphia, USA
R. Hurt	Providence, USA
J. Jagiello	Atlanta, USA
N. Job	Liège, Belgium
K. Kaneko	Nagano, Japan
F. Y. Kang	Shenzhen, China
S. Kaskel	Dresden, Germany
R. Marcilla	Madrid, Spain
G. Neighbour	Birmingham, UK
H. Nishihara	Sendai, Japan
J-i Ozaki	Gunma, Japan
C.R. Park	Seoul, Korea
Q-H Yang	Tianjin, China
L. Radovic	Pennstate, USA
JR Rangel-Méndez	San Luis de Potosí, México
J. Rivera-Utrilla	Granada, Spain
J. Rodríguez	Madrid, Spain
J.M. Rojo	Madrid, Spain
P. Serp	Toulouse, France
M. Spahr	Bodio, Switzerland
J. M. D. Tascon	Oviedo, Spain
M. Terrones	Pennstate, USA
M. Titirici	London, UK
A. Arenillas	Oviedo, Spain
K. László	Budapest, Hungary

#### EVENT REGISTRATION FEE

REGULAR PARTICIPANT	500,00 €
STUDENT	350,00 €

#### FEES AFTER DEADLINE

REGULAR PARTICIPANT	570,00 €
STUDENT	400,00 €

#### FEES ON-SITE

REGULAR PARTICIPANT	620,00 €
STUDENT	450,00 €

ACCOMPANYING PERSON	250,00 €
---------------------	----------

VENUE LOCATION : HOTEL ALICANTE GOLF

#### HOTEL RATES

SINGLE	95,00 €
DOUBLE	105,00 €

Rates per room and night . All rates include breakfast and vat
