

The First AACG Carbon Symposium

June 26th - 27th 2025

Istanbul Technical University, Istanbul

Asian Association of Carbon Groups (AACG) Carbon Symposium will be held on June 26th-27th 2025 at Istanbul Technical University, Istanbul just before The World Conference on Carbon which will be organized in Saint-Malo, France from June 29th to July 4th. In this symposium, academicians, industrial participants and students working carbon materials will present the latest scientific and technological developments in the field.

Scientific Topics

Carbon in Environment and Catalysis
Carbon in Energy Storage

Carbon in Biology and Bioengineering
Carbon Fiber and Composites

Innovative Carbon Materials
Nanostructured Carbon

Carbon in Electronics
Kerogens, Coals, Cokes, Graphite

Symposium Chairs

Prof. Dr. Mehmet Ferhat Yardım / Istanbul Technical University (Retired), Turkish Carbon Society
Research Asst. Prof. Dr. Selmi Erim Bozbağ / Koç University

Keynote Lecturers

Prof. Dr. Yuan Chen – The University of Sydney, Australia
Prof. Dr. Hui-Ming Cheng – Shenzhen Institute of Advanced Technology, China
Prof. Dr. Jin Miyawaki – Kyushu University, Japan
Prof. Dr. Yoong Ahm Kim – Chonnam National University, South Korea
Prof. Dr. Can Erkey – Koç University, Türkiye
